

# REFLECTING ON MY CAREER JOURNEY

By setting aside time to reflect on your career journey, you will more easily be able to take charge of what direction your path goes next. To most benefit from this activity, escape away to a favorite, comforting spot. Bring along a soothing beverage, diffuse essential oils or spray other scents that bring you joy, play inspiring instrumental music if you would like, and as always---take several, enjoyable deep breaths before beginning!

## APPRECIATING RIGHT NOW

Gratitude is the most powerful energy for manifesting change and better things to come. Allow yourself 10 minutes to turn off the worries and stress and instead let in images of the people, places, and moments that you are thankful for.

What I appreciate about how things are now:

- 1.
- 2.
- 3.

Who I will send a note of thank you to:

- Myself
- Someone I look up to
- A friend who has my back
- Co-worker or colleague
